REGIONAL CHARACTERISTICS

Dongducheon-si is proud of its the purest environment as well as the central point of traffic connecting the cities Pocheon, Yeoncheon, and Paju gun. We are promoting new historical projects to change Dongducheon-si the best place to live, dreamful and hopeful City with one spirit of all citizens. New projects include plans to attract tourists to Mt. Soyo and Topdong Valley, plans for regional development, road construction and expansion, electric railway construction, building site reclamation of 1,320,000km² that is second to the new city. These will help secure the City's future as the central point for tourism transportation when the two Koreas reunify and begin economic interchange. It further prepares the City for the Unification epoch of the 21Century tof be the first major city in the National Capital region when the two Korea are united, we hope, in the near future.

가

Our city is located at a basin area surrounded with Mt. Soyo northeast called as little as Geumgang or Gyeonggi's Geumgang, Gugsu Peak east, Mt. Macha West and lies close by pocheon-gun east, Yeoncheon-gun north, Yangju-gun west and south.

It is 12.9km long from, east to west, 15.3km long from south to north.

It is linked with Yeoncheon, Pocheon, Paju, Yangju-gun centering around Pyunghwa Road (Nation road No.3) joining Seoul with Yeoncheon-gun and Seoul to Wonju Railroad. Generally there are many mountains, a few plains , and scattered farmings in the vicinity of the river flowing across our city.
