## REGIONAL CHARACTERISTICS

Dongducheon-si is proud of its the purest environment as well as the central point of traffic connecting the cities Pocheon, Yeoncheon, and Paju gun. We are promoting new historical projects to change Dongducheon-si the best place to live, dreamful and hopeful City with one spirit of all citizens. New projects include plans to attract tourists to Mt. Soyo and Topdong Valley, plans for regional development, road construction and expansion, electric railway construction, building site reclamation of 1,320,000km<sup>2</sup> that is second to the new city. These will help secure the City's future as the central point for tourism transportation when the two Koreas reunify and begin economic interchange. It further prepares the City for the Unification epoch of the 21st Century to be the first major city in the National Capital region when the two Korea are united, we hope, in the near future.
